Scan to learn more

Push2TV now supports Intel WiDi and the new Miracast Wireless Display standard, so you can wirelessly display more of your devices on TV, up to 1080p HD.

The small size of the adapter allows for simple placement and is easy to carry around.

Press the button on the side for 3 seconds to switch modes.

Push2TV can be powered using a USB port on your TV or with the included power adapter that plugs into any electrical outlet.

Mirror your laptop, smartphone or tablet on your TV and enjoy photos, videos, music and more.
