- Leverages the Sprint nationwide high-speed network

\*Uses Sprint nationwide high-speed network

### Overview

At the beach or on the road, instantly access your high-speed Internet connection with the NETGEAR Around Town Mobile Internet hotspot. Enjoy faster surfing, streaming and gaming with the trusted Sprint nationwide high-speed network. All with no commitments or data expiration. The Around Town mobile hotspot gives you a powerful battery that lasts up to 10 hours, lets you securely connect up to 10 devices, and provides a vivid LCD display to keep you informed of your data usage and network connectivity at a glance. Easily add more data and manage your account using the easy-to-use web site.

### Features

#### Speed

- Blazing fast 4G LTE speeds to surf and download on the go

#### Ease of Use

- No contracts. No commitments. No expiration
- You get 1 Gigabyte of data with the device and can purchase more as you need it through the simple web site
- The data you buy rolls over forever. If you don't use it, you don't lose it

#### Sharing

- Connect up to 10 WiFi enabled devices and share the speed with family and friends

#### Reliability

- Secure WiFi connections – High level wireless security with WPA/WPA2
- WPS (Wi-Fi Protected Setup) enabled
- Multiple SSID/Guest WiFi Support
- Password protected administration user interface
- Secure, high-speed access powered by Zoom Media Plus and leveraging the Sprint nationwide high-speed network

#### Battery life

- 10 hours of battery life lets you work and play all day
- Up to 210 hours of standby

#### Accessories

- Desktop Charging Cradle available to extend coverage and boost signal strength (sold separately)

### Key Features

#### Super-fast Connectivity with 4G LTE

Get anytime, anywhere access to super-fast 4G LTE networks.

#### Sprint Network Access

Using the Sprint nationwide high-speed network, it allows 4G access when you need a reliable Internet connection. No contracts, no commitments.

#### Share the Speed

Create a hotspot and share the speed with family and friends. Connect up to 10 WiFi enabled devices, like iPads®, smartphones, laptops & more. Lithium ion battery provides up to 10 hours of battery life.

#### Stay Informed

A vivid LCD display keeps you informed of all your key information. See your hotspot's WiFi network name, data usage, network connectivity and battery usage at a glance.

#### Keep Track

Usage meter allows you to monitor data usage by viewing either the mobile device's LCD screen or your account web page. You can also use your account web page to configure your monthly data usage.

#### Protect Access

Guest networks create a completely separate WiFi network for your guests' devices so they do not have access to your home network with all your personal data.
