

HDMI (type-A) to HDMI (type-A) cables for high-definition connections

- Connect your HDTV or projector to HDMI-equipped home theater devices, such as Blu-ray[®] disc players, DVD™ players, A/V receivers, set-top boxes and satellite receivers
- Cable supports all HDTV video resolutions and multi-channel audio formats at transfer rates up to 10.2 Gbps
- Supports all HDTV resolutions: 480i/720p/1080i/1080p
- Simplify your home theater installations with a single cable for video signals and stereo to multi-channel surround-sound formats
- Cable meets or exceeds HDMI™ v. 1.3a (or 1.3b in the case of HDMBG3) and is backward compatible with v. 1.2 and 1.1

Features

- 24k gold-plated, corrosion-resistant connectors ensure superior signal transfer and maximum performance
- Multiple layer internal copper braid shielding protects against unwanted EMI/RFI noise interference
- Molded integral strain relief enhances durability to protect against damage to conductors
- Stranded high-purity copper wires provide installation flexibility

Package Contents

- HDMI™ 1.3a cable (HDMG1, HDMG3, or HDMI 1.3b cable (HDMBG3))
- Length:
 - HDMG1 - 1.0 m (3.3 ft)
 - HDMG3 - 3.0 m (9.8 ft)
 - HDMBG3 - 3.0 m (9.8 ft)

Specifications

- A-male to A-male
- High-speed cable
- Supports all HDTV resolutions

Warranty

- Limited Lifetime Warranty*
