This product has been tested for quality assurance and this product or its components may have been recycled.

*Basic technical support provided for 90 days from date of purchase.
†Actual data throughput will vary. Network conditions and environmental factors, including volume of network traffic, building material and construction, and network overhead, lower actual data throughput rate.

Outlets must be electrically connected in order for Powerline devices to provide a network connection between them.

Requires use of HomePlug AV compatible Powerline devices (two XAV5001 devices included).

For a complete list of HomePlug AV certified devices, please check www.homeplug.org/certified_products
