

Performance & Use

- Better range and performance with 802.11ac
- Faster access with USB 3.0
- High-gain antenna for improved performance
- Stream multiple HD videos simultaneously
- Works with all standard WiFi – 802.11 a/b/g/n and ac devices

The NETGEAR Difference - A6210

- Beamforming+ technology boosts speed, range and reliability
- Desktop dock for flexible placement
- Push 'N' Connect – Secured connection at the push of a button

Overview

The NETGEAR AC1200 WiFi USB Adapter with high-gain antenna provides USB 3.0 for 3x faster access than USB 2.0. Wirelessly connect your notebook or desktop computer to an 11ac network for applications such as lag-free, multiple HD streams throughout your home, online gaming and a secure and reliable

connection to the Internet. With the NETGEAR Push 'N' Connect feature, enjoy a secured wireless Internet connection, at the push of a button.

Compatible with AC WiFi devices and backward compatible with 802.11 a/b/g/n devices, the AC1200 WiFi USB Adapter

delivers speeds up to 300/867Mbps[†] and dual band WiFi technology. The adjustable high-gain antenna provides improved performance. In addition, Beamforming+ technology boosts speed, range and reliability of WiFi connections. Works with any WiFi router.

Flexible placement design for laptops

Desktop dock provides option for desktop placement

NETGEAR®**AC1200 WiFi USB Adapter – 802.11ac Dual Band, USB 3.0****Speed**

Fast download speeds of up to 300/867Mbps[†] enable applications like multiple HD video streaming. 11ac WiFi with dual band technology provides whole home coverage and everything you need for a fast connected home.

AC WiFi—300/867Mbps[†] speeds**WiFi Range**

The NETGEAR AC1200 WiFi USB Adapter boosts WiFi connectivity throughout your medium to large home for all your Internet-enabled devices.

EXTENDED RANGE—WiFi coverage throughout your medium to large home

Reliable Connections

Stay connected—with your devices, your media, and your friends. Dual band WiFi provides two separate WiFi networks—2.4GHz for legacy devices and 5GHz which is less interference-prone for media streaming.

ANTENNA—Optional antenna positioning for additional performance

DUAL BAND—Reduces interference for better connections to more WiFi devices

USB 3.0—Faster access with USB 3.0

Ease Of Use

Use Push 'N' Connect to add devices to your home network with a push of a button.

COMPATIBLE—Works with 802.11 a/b/g/n and ac WiFi routers

PUSH 'N' CONNECT —Easy push button WiFi connections (WPS)¹

DESKTOP DOCK—Provides option for better desktop placement

Ideal Uses

With the AC1200 WiFi USB Adapter, connect a laptop computer to an 11ac home network for applications such as lag-free multiple HD streaming, multi-player online gaming, ultra-fast, reliable connection to the Internet and a secure wireless connection.

Emailing, chatting, surfing, music and video streaming

Online gaming

Multiple HD streaming simultaneously

Package Contents

- AC1200 WiFi USB Adapter (A6210)
- USB cable with desktop dock
- Quick install guide

Physical Specifications

- Adapter dimensions & weight:
 - 93.0 x 31.4 x 14.45 mm
(3.66 x 1.24 x 0.57 in)
 - 28 g (0.99 oz)
- Desktop dock dimensions & weight:
 - 63.14 x 44.67 x 35.19 mm
(2.49 x 1.76 x 1.39 in)
 - 90 g (3.17 oz)

Support

- 24/7 basic technical phone support for 90 days from date of purchase*

Warranty

- www.netgear.com/warranty

Standards

- IEEE[®] 802.11 b/g/n 2.4GHz
- IEEE 802.11 a/n/ac 5GHz

System Requirements

- Intel[®] Pentium[®] class PC
- Best performance with USB 3.0; compatible with USB 1.1 & USB 2.0
- Microsoft[®] Windows[®] 7, 8, 10, 11: (32/64-bit)

 Supports
Windows[®] 11

This product comes with a limited warranty that is valid only if purchased from a NETGEAR authorized reseller.

*90-day complimentary technical support following purchase from authorized reseller.

[†] Works with devices supporting Wi-Fi Protected Setup.[®]

[†] Maximum wireless signal rate derived from IEEE standard 802.11 specifications. Actual data throughput and wireless coverage will vary. Network conditions and environmental factors, including volume of network traffic, building materials and construction, and network overhead, lower actual data throughput rate and wireless coverage. NETGEAR makes no express or implied representations or warranties about this product's compatibility with any future standards.

Country settings must be set to location where used.

Intended for indoor use only. Valid for sale in EU member states, EFTA states, and Switzerland.
