

## NETGEAR ANT24501B Antennas

### Package Contents

- Two 5G antennas
- Two 2.4G antennas

### Install Your Antennas

The ANT24501B antennas are intended for use with the NETGEAR Outdoor High Power Wireless N Access Point WND930.

#### ➤ To install your antennas:

1. Remove the end caps from the antenna ports on the access point.
2. Connect the antennas marked 5G to the **5G** antenna connectors.
3. Connect the antennas marked 2.4G to the **2.4G** antenna connectors.
4. Log in to the access point.

For more information about logging into the WND930, see the installation guide.

5. Configure the access point to use the external antennas.

For more information about configuring the access point, see the WND930 reference manual.
