One Gigabit Ethernet LAN port to connect wired devices
Nighthawk App

The NETGEAR Nighthawk® App makes it easy to set up your extender and get more out of your WiFi. With the app, you can install your extender in a few steps—just connect your mobile device to the network and the app will walk you through the rest. Once set up, you can use the intuitive dashboard to manage your network.

- Network Management—Easily monitor and manage your home network
- Quick Setup—Get connected in just minutes
- Get it at nighthawk-app.com
This product comes with a limited warranty that is valid only if purchased from a NETGEAR authorized reseller. www.netgear.com/warranty

4 90-day complimentary technical support following purchase from a NETGEAR authorized reseller.

1 Works with devices supporting WPS.

2 Requires compatible AX clients with DL-OFDMA and UL-OFDMA support.

3 Comparable with an AC1200 WiFi Range Extender.

Maximum wireless signal rate derived from IEEE 802.11 specifications. Actual data throughput and wireless coverage will vary and be lowered by network and environmental conditions, including network traffic volume, device limitations, and building construction. NETGEAR makes no representations or warranties about this product’s compatibility with future standards. Up to 1,600Mbps wireless speeds achieved when connecting to other 802.11ax 1,600Mbps devices.

Specifications are subject to change without notice. The product may not be compatible with routers or gateways with firmware that has been altered, is based on open source programs, or is non-standard or outdated.

For indoor use only.
