¹Maximum wireless signal rate derived from IEEE 802.11 specifications. Actual data throughput and wireless coverage will vary and be lowered by network and environmental conditions, including network traffic volume, device limitations, and building construction. NETGEAR makes no representations or warranties about this product's compatibility with future standards. To achieve maximum wireless/wired speed requires devices that use the latest wireless/wired standards and support maximum speeds.

²This mobile hotspot has a maximum 5G speed of up to 4 Gbps. Your actual speed will depend on multiple factors including (but not limited to) your ISP supporting at least 200 MHz of 5G Sub-6, distance to your ISP's 5G Tower, network congestion, location of the mobile hotspot at your premise, and any obstructions between the mobile hotspot and your ISP's 5G tower.

³Actual battery life will vary depending on network and environmental conditions, devices connected, content streamed, device settings, and aging of the battery. This product comes with a limited warranty that is valid only if purchased from a NETGEAR authorized reseller. www.NETGEAR.com/warranty Qualcomm Dragonwing is a product of Qualcomm Technologies, Inc. and/or its subsidiaries.
