Nighthawk M7 Pro
5G Mobile WiFi Router

Power adapter
*Packages in some regions might
include additional plug adapters*

Battery

USB cable

REMOVE BATTERY COVER

1
Locate the small indent on the corner of the
back cover and gently pry it open

INSTALL THE SIM AND BATTERY

2
Slide the nano SIM
card into its slot

3
Insert the battery
into the device

4
Press to snap the
back cover into place

SET UP YOUR MOBILE WIFI ROUTER

Press and hold the **Power/home button** for two seconds to turn on your router, then follow the onscreen instructions to complete setup.

You can also connect to the router's default WiFi network with a WiFi device and visit <http://192.168.1.1> to complete setup from the web.
