The MS305 advantage

Spend less time waiting on your network and more time getting work done. The NETGEAR MS305 gives small businesses, creators, and home lab builders five 2.5G ports for faster file transfers and smoother access to network storage, with plug-and-play simplicity.

If you've upgraded your internet, WiFi, or NAS beyond Gigabit, your switch could be holding you back

Each MS305 port automatically negotiates 100 Mbps, 1 Gbps, or 2.5 Gbps, so you can connect new and existing devices without manual configuration. Non-blocking switching supports full-speed connections across all five ports simultaneously.

With no software to install and a silent, fanless metal enclosure, the MS305 fits comfortably on a desk, shelf, or wall. NETGEAR testing, warranty, and support round out an affordable upgrade.

Key features

- Five 2.5G ports, up to 2.5x Gigabit speed
- 100M, 1G, and 2.5G auto-negotiation
- Non-blocking 25 Gbps switching capacity
- Plug-and-play: no software, no setup
- 802.1p and DSCP priority honored automatically
- Jumbo frame support for large file transfers
- Per-port link, activity, and speed LEDs
- Silent, fanless metal design
- Desktop or wall mounting, kit included
- Low-power design with Energy Efficient Ethernet
- 4.59M-hour MTBF and 0 to 40 °C operating range
- 3-year hardware warranty, backed by NETGEAR

Benefits

Beyond gigabit

Give WiFi 7 access points, 2.5G NAS drives, gaming rigs, and creator workstations the bandwidth they need for faster transfers and more responsive workflows.

Zero setup

There's nothing to install, log in to, or update. Just plug in the power, connect your devices, and get to work. No IT expertise required.

Silent anywhere

No moving parts and no fan noise, so it fits bedrooms, studios, and open offices on a desk, a shelf, or a wall.

Low running cost

A low-power design with Energy Efficient Ethernet keeps costs down for a device that stays on around the clock.

Built to last

A metal enclosure and long service life deliver years of dependable service in home and office closets and cabinets.

Backed by NETGEAR

A 3-year hardware warranty, 45 days of free 24x7 technical support, and 3 years of online chat support.
