

Welcome to your new Orbi Wi-Fi 6 satellite

What's in the box?

1x NETGEAR Orbi Wi-Fi 6 Satellite

1x Power adapter

1

Connect your Orbi satellite

1. Find a place for your Orbi satellite. Orbi satellites must be within range of your Orbi router's Wi-Fi signal, so don't place them too far apart from each other.
2. Connect the power adapter and turn your Orbi on at the wall.

2

Add your Orbi satellite to your network

1. Open the Orbi app.

2. Tap the  icon in the top left corner.

3. Tap  **ADD SATELLITE** and follow the setup instructions.

Once connected, the light on the bottom of the satellite will turn blue.

That's it, your Orbi satellite is up and running!
