

RP614 Web Safe Browser

- Share one broadband connection for multiple PCs and Ethernet devices.

Secure Connectivity and Fast File Transfers

- NETGEAR's Web Safe Router is the perfect solution for sharing one broadband connection for all computers or Ethernet devices on your home network. The router also features double firewall protection that helps shield the network with two security methods—Network Address Translation (NAT) and Stateful Packet Inspection (SPI). Ultra-fast LAN ports distribute high-quality digital movies, photos, and MP3s at speeds up to 200 Mbps**. Installation is a snap, thanks to a unique setup CD that automatically detects and configures all necessary settings.

Double Firewall Security

- NETGEAR helps shield your network and admits only legitimate traffic by combining two proven standards: NAT and SPI.

NAT Firewall
Hides your home network

SPI Firewall
As "Gatekeeper," allows only legitimate traffic

• *Help is there when you need it! NETGEAR provides 24x7 technical support* in English, with selected local language support during office hours.*

System Requirements

- Broadband (Cable, DSL) Internet service and modem with Ethernet connection
- Ethernet adapter and cable for each computer
- Windows® 2000 and XP and other operating systems running a TCP/IP network
- Internet Explorer® 5.0 or Netscape® 4.7 or higher

Routing Protocols

- Static & Dynamic Routing with TCP/IP, VPN passthrough (IPSec, L2TP) NAT, UDP, RIP-1, RIP-2, PPTP, PPPoE, DNS, DHCP (client & server)

Application Support

- Works with most Internet gaming and instant messaging applications

Functions

- Port Range Forwarding, Exposed Host (DMZ), DNS Proxy, URL Content Filtering, E-mail alerts of Internet activity logs

Maintenance

- Save/Restore Configuration, Upgrades via Web Browser, Logging

Interface Specifications

- Internet/WAN: 10/100 Mbps (auto-sensing) Ethernet, RJ-45
- LAN: 4 ports 10/100 Mbps (auto-sensing) Ethernet, RJ-45

Firewall

- Stateful Packet Inspection (SPI), DoS Attack Detection/Logging, Dropped Packet Log, Security Event Log, E-mail log

Power Adapter

- 5.0 VDC, 1A; plug is localized to country of sale

Physical Specifications

- Dimensions (h x w x d): 28.6 x 147 x 95.7mm (1.1 x 5.8 x 3.8in)
- Weight: 0.45 lbs (0.20 kg)

Environmental Specifications

- Operating temperature: 32 to 104° F (0 to 40° C)
- Operating humidity: 90% maximum relative humidity, noncondensing

Package Contents

- Web Safe Router Gateway (RP614v4)
- Power adapter
- Ethernet cable
- Web Safe Router Resource CD
- Warranty/Support information card

Warranty

- NETGEAR 2-year warranty (see information enclosed)
