Powerline Music Extender

USB Network Extender

XAUB2511

**EXTEND MUSIC, USB DEVICES AND INTERNET CONNECTION ANYWHERE AT HOME**

- ✓ Play music wirelessly from tablets, smartphones or computers to any speakers anywhere in the home
- ✓ Access the Internet and home network from any power outlet
- ✓ Turn your USB printer or USB hard drive into a network device

PRODUCT OVERVIEW

- **Enjoy your music wirelessly anywhere at home**

- Stream any songs from your iPhone®, iPod®, iPad®, and Android™ devices to your remote speakers
- On iOS devices, stream the music automatically from Pandora®, Spotify®, Deezer apps or Internet radio stations to your remote speakers
- Stream music from your computer (Windows and Mac®) with any media player – iTunes®, Windows Media Player® – and any music service – Internet radio, Pandora, Spotify, Deezer apps – to your remote speakers
- Have your music following you in every room by connecting multiple Music Extenders at home

NETGEAR Differences

- Airplay® compatible
- Ease of use:
 - No software installation on iOS devices
 - Only one Airplay application to install on Windows PC and Android OS devices
- Easy connection to any stereo system via a specific USB to audio cable
- Supports speakers with RCA, 3.5mm mini Jack and USB connectors

- **Share USB devices**

- Place your USB printer/scanner anywhere at home - max 300 meters - and share it across multiple computers on the home network
- Store music, photos and videos on a USB hard drive and retrieve them from anywhere in the home
- Allows you to transform your old USB printer and USB hard drive into network devices shared with other users and computers

NETGEAR Differences

- Works with USB devices such as multifunctional printers, hard drives or scanners
- Supports any USB printer or external USB hard drive
- Supports USB hub with external power supply

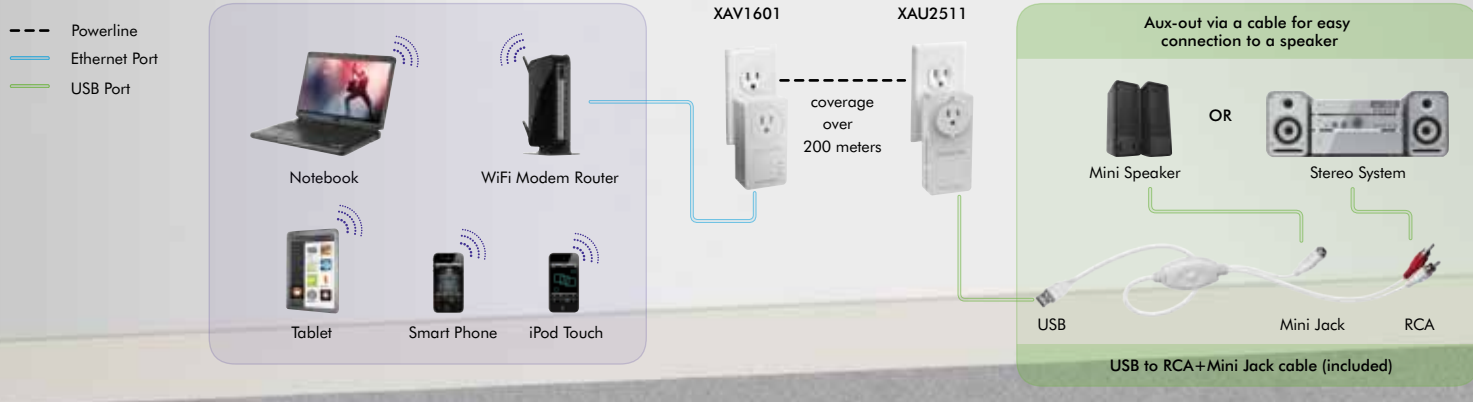

- **Extend Internet access**

- Enjoy your broadband Internet access in every room via the fast Ethernet port

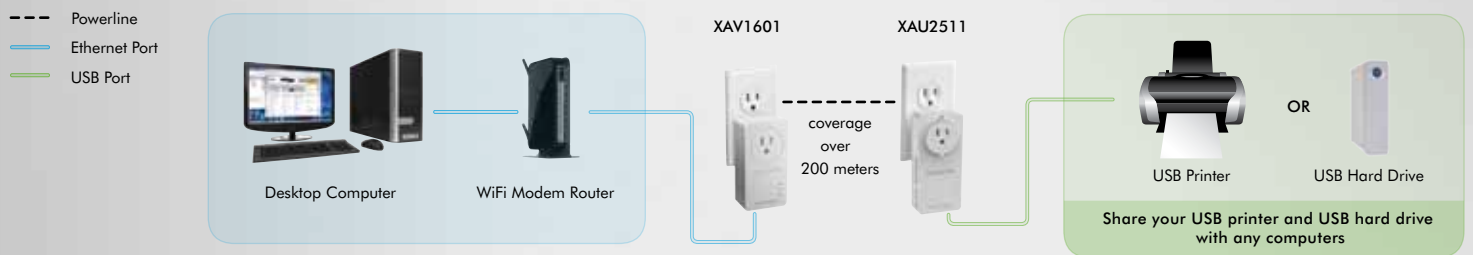

- **Convenient extra outlet**

- Filtered power outlet for retaining a power outlet on wall and better performances

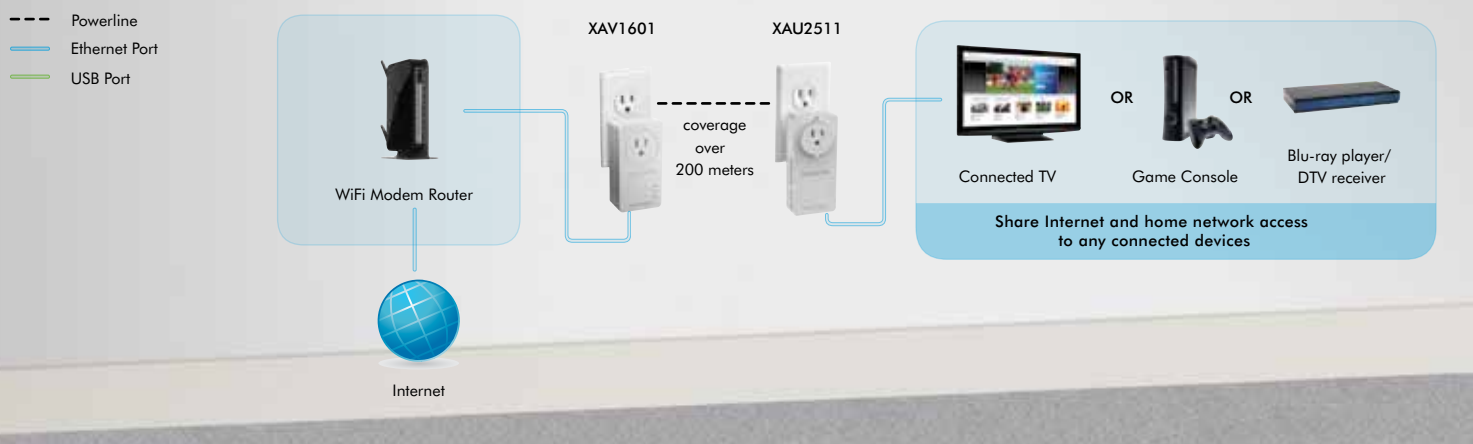

Play your music, wirelessly, in any room, from your computer or directly from your iPhone®, iPod®, iPad® or Android™ devices

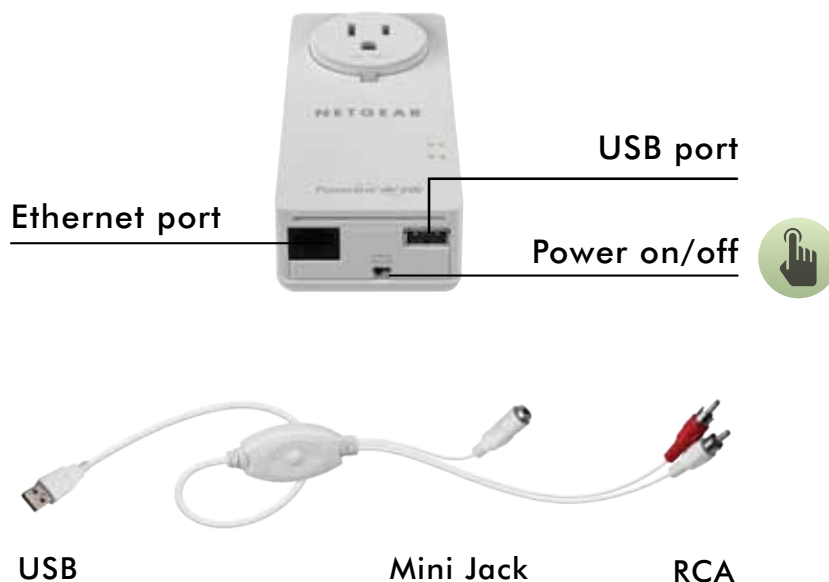

Network your USB printer and USB hard drive for a shared use at home

Enjoy your broadband Internet access in every room

This product is packaged with a limited warranty, the acceptance of which is a condition of sale.

* Basic technical support provided for 90 days from date of purchase.

¹ Requires use of HomePlug AV compatible Powerline device (one (1) XAUB2511 and one (1) XAV1601 device included).

² For a complete list of HomePlug AV certified devices, please check www.homeplug.org/certified_products.

[†] Outlets must be electrically connected in order for Powerline devices to provide a network connection between them. Maximum wireless signal rate derived from IEEE standard 802.11 specifications. Actual data throughput and wireless coverage will vary. Network conditions and environmental factors, including volume of network traffic, building materials and construction, and network overhead, lower actual data throughput rate and wireless coverage. NETGEAR makes no express or implied representations or warranties about this product's compatibility with any future standards.
