Other brand names mentioned herein are for identification purposes only and may be trademarks of their respective holder(s). Information is subject to change without notice. All rights reserved.

This product has been tested for quality assurance and this product or its components may have been recycled.

Outlets must be electrically connected in order for Powerline devices to provide a network connection between them.

<sup>1</sup> Requires use of HomePlug AV compatible Powerline device (one XAV1101 device included). For a complete list of HomePlug AV certified devices, please check [www.homeplug.org/certified\\_products](http://www.homeplug.org/certified_products).

<sup>†</sup> Actual data throughput and data over distance will vary. Network conditions and environmental factors, including volume of network traffic, building material and construction, and network overhead, result in lower actual data throughput rate.

\* Basic technical support provided for 90 days from date of purchase.
